Our Services

- RESIDENTIAL CARE
- COMMUNITY CENTRE
- THE 'ASHY' OP SHOP

It's never too early to talk about getting some extra help. Knowing what services are available before you need them will help you be prepared to make decisions about your future.

Samarinda has been providing care and services to the local community for over 50 years. Our purpose is to support people to continue to live a rich and independent life in the community that they know and love.

Samarinda can find the help you need by working with My Aged Care.

Samarinda is an approved provider of Home Care Packages and can also provide support under a number of other Government programs, as well as privately.

We offer a broad range of services — everything from nursing and cleaning, through to physio, meals, nutrition advice, and assisting people to access the community, whether that is to socialise or to do things like shopping or visiting the hairdresser.

We have a large workforce of trained staff to deliver Home, Community and Residential Services and will work closely with you to choose a support team that best suits your needs.

You'll find our services to be very competitive and great value for money. You'll only ever pay for the services that you use. With Samarinda there are NO daily care fees, NO set-up fees and NO exit fees (meaning potentially no out of pocket payments) unless your support needs exceed your Home Care Package subsidy.

Ultimately, everyone's care plan is different and depends on the level of Home Care Package funding that you are eligible for. (Refer to funding values on next page).

Please call us on 1300 591 464 for further information.

Yours Sincerely,

Leanne Arnott
Home Care Coordinator
